## Lyttelton Draft Master Plan

Residents Review the New Concept

Hundreds of Lyttelton Harbour residents submitted ideas for the redevelop and rebuild of Lyttelton township following the February 22 earthquake. Over the past week the Christchurch City Council have held a series of meetings to present the outcome of feedback received by residents. Healthy Environment Programme Manager, Jenny Ridgen, said more than 200 people came to two Lyttelton meetings on Wednesday.

Wendy Everingham, from the Lyttelton Harbour Information Centre, commented that Lyttelton residents are really engaging with the Master Plan process, and that “the turn out for the three meetings this week has been really encouraging”. Wendy says “it was great to be presented with some really new ideas, while gaining more public space in Lyttelton was a highlight of the options presented. The idea of a roof top garden between the library and the Council Service Centre so that we get public waterfront views from London Street was really innovative. The creation of a town space between the Recreation Centre and the former Albion site was also a great idea. Feedback from attendees seems to have been really positive with many comments such as, “much better than I would have ever thought”, time after time from attendees.”

The plan presented by the design team from Council is just the beginning of a basic concept plan. If you were unable to make the three presentations held last week, or have further feedback you still have the option to get your views included in the plan. It is expected that the slide show from the meetings will be loaded onto the Christchurch City Council website, and we will let you know when this happens. You will have two weeks from the time the presentation is available to make further comments/suggestions about what has been proposed. Hard copies will be placed at the library and the Lyttelton Harbour Information Centre, where you will be able to read the proposals and leave your comments on the forms provided. At this stage the feedback forms are located at the London Street Dairy. Community Board members are also planning to be at the library, at times yet to be announced, so that you can speak directly to them about the plan. For times they will be there keep an eye on the library notice board.

If you want to contact the design team directly their email is [suburbancentres@ccc.govt.nz](mailto:suburbancentres@ccc.govt.nz). The design team genuinely want to know your views about what they have proposed, and are keen for the Harbour community to “own this plan” so that we can work together to create the shared vision. Feedback will be used to prepare a draft master plan, which would be put out for consultation in September. A final version of the plans would then be put before the council in October.

## The Loons - Update

Alive and Returning Soon

Laughter is the best medicine, and after the activities of the past ten months we can all do with a weekly dose of humour. When Darryl forwarded through an email to us at the Lyttelton Harbour Information Centre with an update on progress at The Loons, we eagerly devoured each word hunting for that much anticipated opening date.

Alas, the Loons building remains closed. But the good news, is that building consent for the structural work might not be too not far away. Once approval is given, then the builders will get stuck in and get the walls strengthened up. According to the building crew, it will only take about four weeks to get the old building safe and sound again.

As a contingency plan, The Loons are hunting out an alternative temporary space that is big enough to stage Macbeth. With about 300 tickets sold so far one thing is for sure: the show will go on! So don't be shy in booking in to this next great production, and support your local theatre company.

MacBeth will run from Tuesday 23<sup>rd</sup> August through to Saturday 10<sup>th</sup> September, with no performances on Sundays or Mondays.

Book seats on line by visiting: [www.theloons.co.nz](http://www.theloons.co.nz).

## Freemans - Update

Spring Opening Schedule

Let the rebuild begin! From the outside Freemans looks pretty unscathed but suffered severe damage at the back of the building with the kitchen, chillers, and dry store rooms completely crushed in the earthquake on February 22nd. This means partial demolition, some excavation, removal of exterior bricks and then rebuild. Work is expected to commence this week, with a twelve week repair process to follow. All going well, Freemans Dining Room, Bar, Deck and Upstairs [pizza menu] will be open in late Spring for lunch, dinner, and weekend brunch.

Watch this space as Lyttelton begins to thrive again, and Freemans can once again be the lively, nurturing and nourishing hub on the London Street, Canterbury Street corner.

## Sea Sunday Service

Holy Trinity Church

Holy Trinity Church, Lyttelton, will by the time you are reading this newsletter have been deconsecrated. Sadly the church building no longer stands, but we do! Therefore, the Vicar, Vestry and Parishioners warmly invite you to attend the Sunday Sea Service on Sunday 14th August.

A sumptuous morning tea will follow the service and it is hoped we can do some catching up with one another. If you have flags, please bring them to Trinity Hall.

Sea Sunday is a day set aside in the Church calendar to remember seafarers; to pray for them; and their families. It is a thanksgiving day for all that seafarers do in transporting the world's goods.

Sea Sunday began in 1975 when the three main maritime missionary societies decided there should be a day in which the contributions of seafarers to the country were recognised. Sea Sunday has gone on to become an international day with services, parades and ship blessings.

Event: Sea Sunday Service  
Where: Trinity Hall, Lyttelton Recreation Centre, 25 Winchester Street, Lyttelton  
When: Sunday 14th August, 10.00am

If possible, please contact Pat Owen 03 328 8182 by Thursday 11th August with numbers, as this will help with organising the sumptuous morning tea.

## Art in The Park

Orton Bradley - November

The next **Art in the Park** weekend of arts workshops will be held at Orton Bradley Park on the weekend of November 26-27.

If you would like to **offer** a workshop please email details to Trent at [obpartspace@gmail.com](mailto:obpartspace@gmail.com).

Watch this space for more updates.

## Night Without Sleep

Have you ever  
had a night  
when you just  
couldn't sleep?  
Even when you're  
so tired  
you could fall  
off your feet?

You get up for awhile,  
and then you lay  
back down  
And just lie there,  
watching the clock  
go round

Have you ever  
had a night  
when you just  
couldn't sleep?  
And you remember  
that old adage,  
"Try counting sheep"

After some time  
has passed by  
You decide you'll  
give it a try

Have you ever  
had a night  
when you just  
couldn't sleep?  
And you start  
counting sheep,  
even their feet

Since sleep  
won't come,  
you get out of bed  
And decide to  
have some  
roast mutton instead.

## Gap Filler Comes to Lyttelton

Creative Urban Regeneration

Gap Filler is a creative urban regeneration initiative started in response to the September 4, 2010 Canterbury earthquake, and revised and expanded in light of the more destructive February 22, 2011 quake. It is now administered by the Gap Filler Charitable Trust. Gap Filler aims to temporarily activate vacant sites within Christchurch with creative projects, to make for a more interesting, dynamic and vibrant city.

Gap Filler will see vacant sites - awaiting redevelopment as a result of the many earthquakes or otherwise - utilised for temporary, creative, people-centred purposes. Working with local community groups, artists, architects, landowners, librarians, designers, engineers, dancers - anyone with an idea and initiative! Gap Filler lower the barriers, by handling the legal contracts and liability insurance, to help ideas become a reality.

Gap Filler is temporary in nature, seeking to activate vacant sites for relatively short periods, to demonstrate that the city can grow in important ways without large capital expenditure or major construction. Gap Filler projects can pop up as spaces become available around the city. All projects will be able to occupy or vacate a site quickly.

Last Saturday, under the guidance of Trent Hiles [Harbour Arts Collective] the former site of Ground (Albion Building) under went a transformation into a community space called the Lyttelton Petanque Club. Designed for everyone to enjoy the event was organised by Gap Filler, working with a small group of Lyttelton locals.

Once a completely vacant site, the corner location offers a space with tables, seating, petanque field and a stage for busking, poetry or music - with thanks to many, many local hands who donated their skills and time.

Trent Hiles is passionate about turning the vacant sites in Lyttelton from bland to exciting and interesting. Keep an eye out for Trent's work on the Harbour Light site, London Street, and a small section on Canterbury Street.

If you have a prominent vacant site, and are happy for Trent or the team at Gap Fill to bring smiles to many, you can email him at [harbourarts21@gmail.com](mailto:harbourarts21@gmail.com)

## Winter Arrives All White

Worst Snow Fall in Years

Apparently the Antarctic weather that battered the Lyttelton Harbour this weekend proved to be the worst snow fall in fifteen years, blanketing the Christchurch region on Sunday night with up to 30cm of snow.

Motorists were warned they may have to stay off Christchurch roads for up to two days as ice and snow make driving conditions dangerous. A Christchurch City Council spokeswoman advised residents to stay at home, especially in our eastern suburbs, which already had poor road conditions due to the earthquakes.

Snow clearing and gritting was in progress in Christchurch, with crews concentrating on the arterial roads and the hills. Police said conditions could only be described as "slippery and treacherous", with the hill suburb roads being closed.

A spokeswoman for lines company Orion stated Power was cut to parts of Christchurch, with homes in Belfast, Spencerville and Marshland without power since 11.43pm Sunday night, and by mid Monday up to 2,000 homes remained without power.

Crews were working to restore power as soon as possible. And Orion General Manager Commercial, Rob Jamieson, said only minor network damage had been found at this stage and crews were working as quickly as possible to restore power to the affected areas.

Christchurch, Dunedin and Queenstown Airports had closed with flights badly disrupted, while flights out of Invercargill were experiencing delays. Christchurch Airport expected flights to resume later in the day, but at the time this went to press, the airport was still assessing the situation.

Starting the day at -2.0 degrees, with an expected high of 2.0degrees, MetService is predicting a frosty start to Tuesday, but clearing and improving through the week.

By the time we get to Friday 29 July - the weather is looking all clear for the Festival of Lights!

# Lyttelton Food Bank

Help When You Need It

Lyttelton Community House, Lyttelton Harbour Information Centre and the Lyttelton Time Bank are working toward building up the Lyttelton Food Bank. If you need any supplies, or know of anyone who does, the Lyttelton Harbour Information Centre has a small stock of donated food on hand. We haven't forgotten about the furry feline or canine family members either - there is a range of food for cats and dogs if you see any pets that might not be being looked after; or if you need a hand with pet food.

If you would like to donate any non-perishable food to this community cause, or if you need a bit of support right now, you can drop off, or collect items at either:

Lyttelton Community House, 7 Dublin Street, Lyttelton

Lyttelton Harbour Information Centre, 65 London Street, Lyttelton

Lyttelton Time Bank at The Portal, 54a Oxford Street, Lyttelton

## Incorporated Societies Act 1908

Law Commission Review

In recognition of the number of community groups within the Lyttelton Harbour region we bring you this newsflash from the Law Commission, as you might be a registered incorporated society or charitable trust; or wish to be in the future:

Currently much of the not-for-profit sector in New Zealand is governed by the century old Incorporated Societies Act 1908 – an Act which the Law Commission argues is in need of major reform. Professor McLay said preliminary consultation and research suggested there were a number of problems with the old Act including the lack of adequate processes for dealing with conflicts of interests and resolving internal disputes. “Getting basic governance structures right, understanding what is appropriate conduct for those who govern societies, and providing for suitable mechanisms for resolving disputes is critical for all organisations, especially those which seek government or other sponsorship. “The 1908 Act, in our view, does not require societies to ask the appropriate questions when they are being set up. Nor does it provide incentives for already existing societies to improve.”

The Commission is seeking feedback on a range of issues and options for reform raised in the paper including: Whether all societies should, as a condition of incorporation, be subject to certain minimum governance rules that they cannot vary; Whether a new Act ought to provide a code that makes the obligations of committee members clearer; How the Act should provide for the resolution of disputes between members and their societies; What rules societies ought to be required to have in their constitution, and the nature of those rules.

The paper can be read on the Law Commission's website. **Submissions can be made online and close on 30 September 2011.** View more details online: [www.lawcom.govt.nz](http://www.lawcom.govt.nz)

### Tax Forms

I think that  
I shall never see  
a tax form plain  
enough for me.

A form that I  
can understand  
without a lawyer  
near at hand

To guide this poor  
benighted me  
so I won't owe a  
penalty.

A form that I  
will not detest  
or take as more  
than an awful jest.

A form with pages  
that I can read  
and fill out easily  
with some speed

Such forms weren't  
made for fools  
like me nor  
even God who  
made a tree.

## Union Parish Church

Combined Church Service

Church services are happening every Sunday 10.00am to 11.00am at the Union Parish Church, 40 Winchester Street, Lyttelton. All welcome.

July 2011

Would anyone like to meet and discuss the BIG wide world of superannuation, share index investing, value, growth investing, long term buy and hold perspective: e.g. Warren Buffett. - says James

EQC have assessed my house and it will be re-clad. I would like someone to research for me the various options for wool insulation - what is available- and come back to me with a list that tells me the best value for money for each option. - says Margaret

We need more people to help at the Time Bank Garage Sale. If you love second hand shops this is your opportunity to sort through (and have first choice) of an amazing array of pre-loved items. Anything from cocktail shakers to Chinese lanterns, pink girls bikes to frilly, lacy dresses. If you love selling and talking to people- here is your chance! The idea is that everyone only needs to do a couple of hours every so often, so it stays fun for everyone, rather than a drag for a few. - says Lyttelton Time Bank

Here at the Lyttelton Harbour Information Centre we want to beautify the front of our Port-a-Com with a temporary and transportable garden. Does anyone have 2-3 20gallon steel drums [without the lids] that we would use as planters? - says Wendy and Lynnette

I'm confused by insurance and EQC systems, and need help in understanding them so I can proceed. Relatively minor matters, not desperately urgent - some time within the next month would be just fine. - says Juliet

I would love some kindling chopped up from the wood I have in the shed. I have an axe and I think it is fairly sharp but not totally sure. I imagine an hour or two, but really I am open as any will help me and the kids keep warm through the next part of winter. - says Sarah

I need someone to install a security latch on my son's bedroom window. I have the security latch and the screws (but have no idea how to fit it!) - Florence

We are a family of four who are looking to house sit in Lyttelton from the end of October, or early November this year for at least two months. We are respectful of people's property and are willing to do work as a way of reciprocating. We are happy to keep your garden tidy and look after your pets. If you are interested email Jacinda on [cins@paradise.net.nz](mailto:cins@paradise.net.nz) or ring Gunter on 027 2633 592. - says Jacinda

Donate any unwanted household items to the Lyttelton Time Bank Garage Sale. Please just donate good used items, otherwise we spend too much money on dump fees. - says Bettina
